Pesticide Notification Registry

This school uses integrated pest management techniques to control pests which may enter the structure. Despite the use of various non-chemical techniques, pesticides may be required to eliminate pests. Per Illinois law, if a non-bait formulation pesticide is used, guardians and employees of schools have a right to be notified. This school has selected the registry method of notification. If you wish to be notified regarding any non-bait insecticide applications, please signify by checking off the appropriate boxes. Please note: the law does permit exceptions to the notification requirements when a pest poses an eminent threat to health.

Dear Parents,

We at Marshall Community Schools take very seriously our role in ensuring the safety of your children as they travel to and from school. We work with your child's school to deliver them to and from school safely. This is our number 1 priority. This partnership yields a high degree of safety for children on school buses. You can help by making sure your children know the basic school bus safety rules.

1. The driver is in full charge of the school bus at all times and students must obey him/her promptly.
2. The driver will assign a seat for which the student will be held responsible.
3. Behavior, which may divert the driver's attention thus endangering the safe operation of the bus, is prohibited.
4. No eating or drinking on the bus. Water is allowed.
5. Students may use headphones for games and iPods (for their use only) and must keep the sound turned down and game sounds turned off.
6. Students are not allowed to get off the bus at any place other than their home without written permission from their parent/guardian, along with the Principal's signature.
7. Handbook rules and consequences apply as the school bus is an extension of the school day.

I have read the above rules and agree to follow them.

Illinois State Board of Education
New U.S. Department of Education Race and Ethnicity Data Standards
LETTER TO PARENTS REGARDING RE-IDENTIFICATION

Dear Parent or Guardian:

In fall 2007, the U.S. Department of Education issued new guidance on the collection and reporting of race and ethnicity data for public school students and staff. The guidance implements new federal race and ethnicity categories that were developed to obtain a more accurate picture of the nation's diversity. The new data collection process requires respondents to answer a two-part question, indicating ethnicity first and then one or more of five races. (In the past, individuals were allowed to choose only one race or ethnicity category.)

The Illinois State Board of Education (ISBE) will use the new categories starting with data to be reported for the 2013-14 school year. This requires school districts to re-identify race and ethnicity for all students—and the identification is to be done by parents or guardians. If a student's parents or guardians decline to indicate race and/or ethnicity, observer identification by school district staff is required.

The new race and ethnicity data will be used in the same manner as previously collected data, e.g., in reporting and analyzing test results by race and ethnicity. The information will not be used to check immigration status, and the confidentiality of individual student information will be protected.

Sincerely,

Tim Pearson
Principal,
Marshall High School

INSTRUCTIONS: This form is to be filled out by the student's parents or guardians, and both questions must be answered. Part A asks about the student's ethnicity and Part B asks about the student's race. The question above is about ethnicity, not race. No matter which answer you selected, continue and respond to the question below by marking one or more boxes to indicate what you consider this student's race to be.

Part B. What is the student's race? Choose one or more.

- American Indian or Alaska Native** (A person having origins in any of the original peoples of North and South America, including Central America, and who maintains tribal affiliation or community attachment.)

Optional Student Accident Insurance

&

Optional High School Football Insurance

The school district does not provide any type of health or accident insurance for regular injuries incurred by your child at school.

As a service to students and their families, our school is making available a student accident insurance plan for your child at a nominal cost. Optional coverage for High School Football is also available. The district offers this program due to trends in rising family health insurance costs, increased deductibles, co-payments, or lack of health or dental insurance coverage.

For more information or to purchase,

Go to www.1stAgency.com

Go to "Find Your School" and select Illinois from the K-12 "Choose a State" drop down menu.

Scroll down to Marshall Community Unit School District #C-2 and click on "Purchase Coverage".

Once there, you may look at a brochure and/or purchase coverage. Please note that High School Football Coverage is separate from the Student Accident Insurance options.

Please sign and return the waiver below if you already have adequate insurance.

**MARSHALL C-2 LUNCH AND BREAKFAST INFORMATION
2016-2017 SCHOOL YEAR**

This school year our Lunch Program will be set at a \$20.00 limit for charges. This means that once a child has charged \$20.00 the computer will not allow any more charges. Marshall C-2 will still provide a sandwich and drink to assure no child goes without food.

Due to Marshall C-2 losing money as a result of charges not being paid last year, we are forced to set this limit.

Should you need help financing your child's breakfast/lunch, please fill out a free/reduced lunch application that can be obtained at any school or the Unit Office.

Thank you for your help with this situation.

Sincerely,

Kevin Ross

Dear Parent/Guardian,

Per our policy, you have requested to be notified in writing of pest control applications in our district schools. You indicated that you wanted to be notified either when pesticides will be applied while school is in session or when pesticides will be applied to the school grounds any time of the year.

I have contacted Arab, the company we contract for this service. With this letter is a statement by Arab outlining their service to our school district.

Our first and foremost concern is the safety of our students.

If I can be of further service, please contact me.

Sincerely,

Mr. Kevin Ross, Superintendent
